

IMPORTANT REMINDERS FOR YOUR UPCOMING APPOINTMENT

1

Confirm/email your home address. Email ellen@nscanine@gmail.com, or text (703)689-1725 with your current address **and parking instructions**.

2

Tell your trainer if your dog has any food allergies or sensitivities. If they do, you will be responsible for providing treats.

3

Your trainer is vaccinated, but will likely still wear a mask. Masks are still preferred on both parties, as we do have elderly and immunocompromised clients and family. Please alert your trainer if you need any additional precautions.

4

Today's appointment is to get to know you and your dog, discuss tools, training methods, goals, issues you're experiencing, nutrition, habits, potential roadblocks, previous experience, and more.

IMPORTANT REMINDERS FOR YOUR UPCOMING APPOINTMENT

5

We generally do not do any training during this appointment. If you would like an on site demonstration, please alert your trainer!

6

Fees are not refundable.

7

Participation is heavily encouraged! This is the time for you to ask questions, communicate hesitations, and talk about your dog! This is not a monolog for your trainer. This is a back and forth discussion, specifically set up so that we can start getting your needs met.
